

Comprehensive Motor, Home and Travel insurance
in one convenient package

Insurance solutions made even easier

The simplest ideas are often the best and this is especially true when it comes to insurance. At JW Seagon, we pride ourselves on our extensive, comprehensive range of insurance products which help you protect all the things you care about.

So, when we came up with the idea to combine our popular motor, home and travel cover into one convenient package, we just knew we had to bring it to the market.

Introducing JWS Trinity

If you like the concept of buying a simple all-encompassing insurance package rather than a range of standalone products, our Trinity policy will appeal. And when you consider the numerous other benefits on offer, it becomes hard to ignore.

- Your three key personal policies all under one roof - motor, home and annual travel – meaning a quick application process and easy administration
- Discounts up to 25% when compared to purchasing the products separately - clients must purchase a minimum of two products to benefit from the saving
- Widest policy wording available within the market
- Web linked evaluation (Contents and Buildings only)

A winning package

Trinity combines three tried and tested JW Seagon products into one convenient bundle. Simply pick the parts you require, and we'll create your personalised package.

Remember, the more parts you choose, the greater the savings.

JWS Sleep Easy

Comprehensive Home and Contents cover with no hidden surprises. It's underwritten by Allianz, one of the most respected names in global insurance.

Sleep Easy provides the widest Household 'All-Risks' cover available. There is no need to itemise your contents and cover is provided on a full 'new for old' basis.

JWS Motor Insurance

With Motor insurance, the devil is well and truly in the detail. JWS Motor insurance gives true peace of mind and covers all types of motor vehicles.

It is a comprehensive policy that comes with capped excesses, higher inner limits and optional extensions.

JWS Travel

The great thing about JWS Travel is its flexibility. Whether you are travelling for business or pleasure, locally or internationally on a single-trip or multi-trip basis – JWS Travel fits the bill.

Included within the extensive range of benefits is medical and evacuation costs of up to \$5m.
